

BG success as cloud and breeze takes the edge off the heatwave

This year's BG was something of a joint Dark Peak Penistone effort with 5 contenders and three successful rounds; Tony Simpson and Chris Ledger from Dark Peak were successful with Tony pushing on to an impressive 22h 18m. Whilst much of the country was seeing temperatures soar there was a pleasant breeze and even a little mist for this year's attempt. Once again Colin Henson provided the co-ordination with plenty of supporters from both clubs to help.
